

Jonas Gabriel Almeida

Senior Software Engineer • Full-stack JavaScript/TypeScript

Paraná, Brazil • jgalmeida1993@gmail.com • +55 43 99640-4081 • <https://jgalmeida.dev> • <https://www.linkedin.com/in/jgalmeida93>

PROFESSIONAL SUMMARY

Senior Software Engineer with over 6 years of experience building scalable, high-performance web and mobile applications using JavaScript and TypeScript ecosystems. Strong background in full-stack development, cloud infrastructure, and CI/CD pipelines, with a focus on code quality, system reliability, and user experience. Experienced in collaborating with cross-functional teams in agile environments.

PROFESSIONAL EXPERIENCE

Senior Software Engineer | Escale Digital | São Paulo, Brazil

Mar 2025 – Present

Develop full-stack solutions using Vue.js, Next.js, Node.js, and Ruby to support customer service and intelligent automation platforms.

Optimize backend performance by improving application logic and SQL queries, reducing resource consumption and response times.

Design and manage AWS infrastructure (Lambda, ECS, S3, CloudWatch), implementing CI/CD pipelines to improve reliability and deployment efficiency.

Monitor production environments and proactively resolve performance bottlenecks.

Software Engineer | Codebrew Labs | Remote

Sep 2022 – Mar 2025

Developed and maintained full-stack web and mobile applications using React, React Native, and TypeScript.

Built a mobile application from scratch using React Native, achieving strong stability and maintainability.

Introduced unit testing practices that improved reliability and reduced bug resolution time.

Frontend Developer | C6 Bank | Remote

Dec 2021 – Feb 2023

Contributed to the development of a payroll MVP for the PJ segment using React and Redux.

Delivered core features in under three months with approximately 95% unit test coverage.

Built reusable UI components and improved state management patterns.

Frontend Developer | Deliver IT Serviços de Tecnologia | Brazil

Aug 2021 – Nov 2021

Implemented multilingual support (Portuguese, English, Spanish) using Next.js and i18n.

Improved onboarding flows and accessibility standards.

Frontend Developer | Sabion Digital | Brazil

May 2020 – Aug 2021

Helped architect and implement the MVP for Guarupass.

Maintained code quality through best practices and code reviews.

Frontend Developer | Entenda Antes – O Mundo da Construção | Santo Antônio da Platina, Brazil

Feb 2019 – May 2020

Developed and maintained Angular features.

Resolved bugs and implemented UX improvements that increased user retention by approximately 15%.

EDUCATION

FATEC Ourinhos – Faculdade de Tecnologia de Ourinhos

Technologist Degree in Systems Analysis and Development

2014 – 2018

SKILLS

JavaScript, TypeScript, React.js, Next.js, Vue.js, React Native

Node.js, Ruby

AWS (Lambda, ECS, S3, CloudWatch, CI/CD)

SQL Optimization, Unit Testing (Jest)

Agile Methodologies, Redux, Internationalization (i18n)

CERTIFICATIONS

JavaScript Fundamentals – Erick Wendel

Laravel Framework – MPro Consultoria
